

Návod - jak získat tříměsíční verzi Mathematica pro domácí použití

1) Zaregistrujte se do Wolfram Faculty Program na:

<http://www.wolfram.com/services/facultyprogram/>

Wolfram FACULTY PROGRAM

Become a member

If you are currently teaching with *Mathematica* or thinking about teaching with *Mathematica*, then the Wolfram Faculty Program is for you! Membership levels include Basic Membership, *Mathematica* Course Integrators, and *Mathematica* Enthusiasts.

- Connect & Discuss**
Connect and share ideas with other educators through the Wolfram Faculty Program Forum
- Download Materials**
Download and share *Mathematica*-related teaching materials and courseware to help you enhance your classroom experience
- Access Benefits**
Access discounts available exclusively to Wolfram Faculty Program members
- Prerelease Program**
Preview new versions of *Mathematica*
- Free Training**
Get up and running with *Mathematica*
- Success Stories**
Learn how educators are using *Mathematica*

Vyplňte registrační formulář.

1. Personal Information **2. Classes** 3. Membership Level

Please provide information about the classes you are currently teaching.
If you are currently teaching with *Mathematica*, please provide information about the classes in which you are utilizing *Mathematica*. Otherwise, please provide information about classes you are teaching and for which you are considering using *Mathematica*.

First Name: Jan Last Name: Novak
 Status: Faculty Organization: Gymnazium Skolska
 Department: Budova B Address: Skolska 15
 Address 2: City: Praha
 State: Czech Republic ZIP/Postal Code: 120 00
 Country: Czech Republic Email: novak.jan@seznam.cz
 Phone: 777 888 999 Phone Type: Work
 Mathematica User: No License #:

***Class 1**

*Subject: Mathematics

*Class title: gymnazium

*Syllabus URL: www.gymnaziumskolska.cz

*Book(s) used: Matematika pro stredni skoly

Class 2

Subject: Mathematics

Vyberte možnost: Basic Member – ještě neučím s *Mathematica*
 (Mathematica Course Integrator – používám *Mathematica* běžně ve výuce
 Mathematica Enthusiast – *Mathematica* je součástí školního vzdělávacího programu)

Select your membership level:

Basic Member
 Faculty who are not yet teaching with *Mathematica*
 As a Basic Member, you'll have access to knowledge and resources that have been compiled by the ever-growing *Mathematica* community.

Mathematica Course Integrator
 Faculty who are currently teaching with *Mathematica*
 As a *Mathematica* Course Integrator, you'll learn from others' experiences with *Mathematica*, and many educators will enjoy learning what you've done with it as well. Our staff may periodically contact you for more information about courses you teach and ask you to share courseware or class examples you have developed so we may share them with other educators.

Please answer the additional questions below, and we'll contact you shortly to complete your registration.

For how many years have you taught with *Mathematica*?

Which of the above courses are you currently teaching with *Mathematica*?
 Class 1 Class 2 Class 3

Mathematica Enthusiast
 Faculty who have fully incorporated *Mathematica* into their curricula
 As a *Mathematica* Enthusiast, your voice will become an important fixture in the *Mathematica* Community as you join an exclusive group of users who share their stories with other faculty through talks, videos, user stories, and in other interesting ways. Our staff will contact you to find more information about your use of *Mathematica* so we can let others know of the great work you're doing and support you in your efforts.

2) Po odeslání dotazníku obdržíte email s předmětem **Your login to Faculty Program Forum**, v němž jsou uvedeny User name a Password. Po zadání těchto údajů se můžete

účastnit diskuse a stahovat materiály na <http://www.wolfram.com/faculty/forum>. V případě, že jste mail neobdrželi a nenašli ho ani ve ve spamu, je nutné vyplnit registrační formulář znovu.

Po zaregistrování na stránce <http://www.wolfram.com/faculty/> klikněte na **Access Benefits** pro získání tříměsíční licence Mathematica Home Edition zdarma.

The screenshot shows the top navigation bar with 'WOLFRAM RESEARCH' and links for PRODUCTS, SOLUTIONS, PURCHASE, FOR USERS, COMPANY, OUR SITES, and a SEARCH button. Below the navigation is a decorative blue geometric pattern. The main heading reads 'Wolfram FACULTY PROGRAM membership portal'. A welcome message states: 'Welcome to the Wolfram Faculty Program Membership Portal, where you can learn from and share with other educators who are teaching with Mathematica.' Below this, it says: 'Throughout this portal are resources to help you network with other educators, enhance your classroom with Mathematica, and access exclusive benefits that come with being a Wolfram Faculty Program member.' Three icons with text describe benefits: 'Connect & Discuss' (messaging icon), 'Access Benefits' (key icon), and 'Download Materials' (download icon). On the right, a 'Calendar' section lists upcoming events: 'Next Wolfram Faculty Program Conference' (March 23, 6pm EDT) and 'Next Free Online Seminars' (March 18, 23, 24, 25).

Access Benefits

Basic Members

Mathematica Course Integrators

Mathematica Enthusiasts

Below are the benefits that are available to you through your membership in the Wolfram Faculty Program.

- Free three-month *Mathematica Home Edition* license to become familiar with *Mathematica*
- Access to the Wolfram Faculty Program Forum to connect and share ideas with other educators
- Free downloadable courseware and teaching materials to use in your classes
- Free resources for you and your students to learn and use *Mathematica*
- Exclusive invitations to Wolfram Faculty Program Conference Calls
- 15% off *Mathematica for Students* for your students
- Discounts for students to convert student licenses into professional licenses at graduation
- Success stories from *Mathematica Enthusiasts* to learn how they have enhanced their classrooms with *Mathematica*

[Upgrade your membership](#)

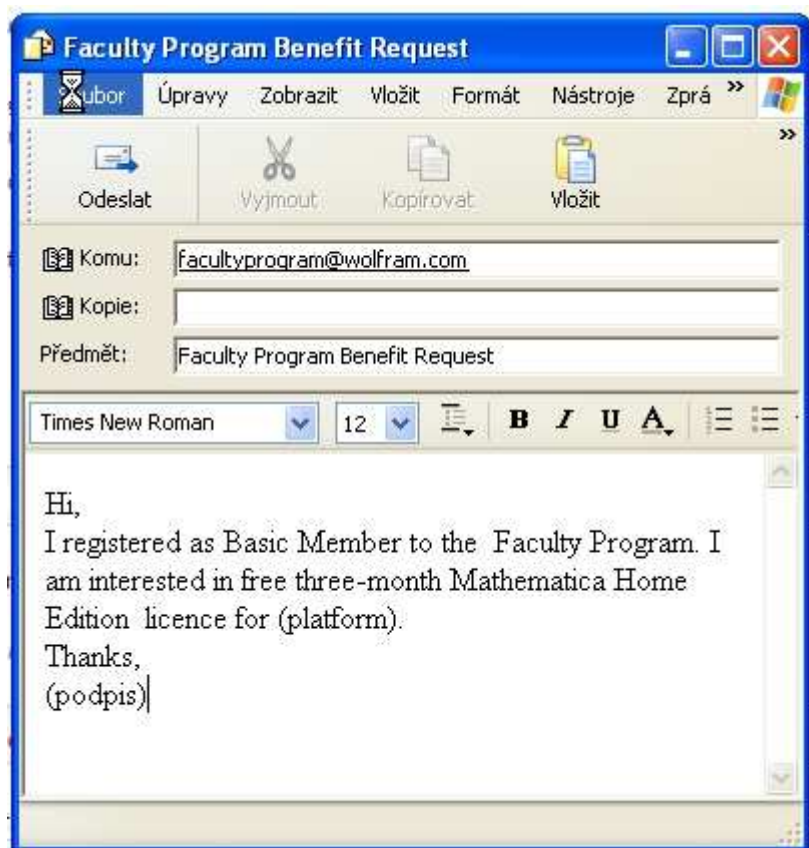

Request Benefits

Please [email us](#) to request the following membership benefits.

- Free three-month *Mathematica Home Edition* license

V následujícím okně se dozvíme, že je třeba **poslat žádost o Benefit**.. V odtavci **Request Benefits** klikneme na **email us**. Pokud se náš poštovní program neotevře automaticky, nevádí. Otevřeme ho sami a na adresu facultyprogram@wolfram.com pošleme zněním např.:

Do dopisu doplníme platformu, tj. náš operační systém (Windows, Mac, ..). a odešleme.

V odpovědi (může trvat i pár dní, po týdnu se nebojte svoji žádost opakovat) s předmětem např. *Your Wolfram Research Order* **obdržíte číslo licence a odkaz** odkud si podle instrukcí program stáhnete.

Pro **stahování** klikněte na odkaz.. Program má asi 520MB, takže dle rychlosti přenosu trvá stahování okolo 20 min.

Dalším krokem je **instalace programu**. Opět postupujte podle zobrazených informací (přetáhneme ikonku Hvězdice do doporučeného adresáře).

Spustíme poprvé program, doplníme licenční číslo a otevře se okno se dvěma políčky. **MathID** je vyplněné - **poznamenáme si ho pro další použití!!!**, zaregistrujeme se, abychom získali heslo – **Password**.

Pro registraci klikneme na tlačítko **Web**. Objeví se formulář, který vyplníme a odešleme. Heslo by mělo přijít na naši emailovou adresu. Odtud ho přepokopujeme do políčka **Password** a otevřeme **Mathematica Home Edition na 3 měsíce zdarma**.

Přejeme příjemnou zábavu se software Mathematica!
